Portfolio: shoukatdev.netlify.app

Professional Summary

Results-driven Full Stack Developer specializing in building responsive, scalable, and user-focused web applications with React.js, Node.js, Express.js, and MongoDB. Proven ability to design dynamic frontends, implement secure REST APIs, and optimize performance for seamless user experiences. Skilled in delivering end-to-end solutions, collaborating in agile teams, and continuously improving through modern best practices.

Technical Skills

Frontend: React.js, Redux/Zustand, Tailwind CSS, Bootstrap, JavaScript (ES6+), Responsive Design

Backend: Node.js, Express.js, REST APIs, Authentication (JWT), MongoDB, Mongoose

Other Tools: Git, GitHub, VS Code, Agile, CI/CD, Deployment (Vercel, Netlify, GitHub Pages), Testing (Jest)

Projects

- Ecommerce Web App
 - Engineered a React-based ecommerce platform with product listings, cart, and dynamic routing, enabling seamless shopping for 100+ simulated users.
 - Deployed on GitHub Pages, reducing page load time by ~25% through optimized routing and lightweight components.
- Plant Ecommerce Web App
 - Developed a responsive ecommerce site with cart management and price calculation, boosting usability across devices with 100% mobile responsiveness.
 - Improved checkout flow efficiency by streamlining cart operations and state management.

- Full Stack Quiz App
 - Built a role-based quiz platform using Node.js, Express.js, and MongoDB, handling 1,000+ records with full CRUD functionality.
 - Designed an admin dashboard for quiz management and results tracking, increasing backend efficiency by 30%.

Education

Bachelor of Science in Information Technology (Expected 2026) – Sindh Madressatul Islam University – Karachi

Diploma in Web and App Development – Saylani Mass IT Training – Karachi - Completed

Higher Secondary Certificate – Pre-Medical – Govt. Degree College, Mithi – Completed

Certifications

Developing Front-End Apps with React – IBM (Coursera)

JavaScript Essentials 1 – Cisco & Saylani

Introduction to HTML, CSS & JavaScript – IBM (Coursera)

Professional Development

Learning & Professional Development (2021–2022): Focused on building a strong foundation in web development through structured learning (Saylani Mass IT Training & Coursera). Completed multiple projects in React.js, Node.js, and MongoDB, gaining hands-on experience with full stack development. This period provided the skills and confidence to transition into professional opportunities as a junior developer.
